c) DRDO- _____.

4. Make a list of the most and least populous countries of the world.

5. What is special about Porto Alegre?

6. Identify the picture and answer the following questions.

a) Why was the Simon Commission appointed?

b) Why was the Simon Commission rejected?

7. Case Study based Question :

Read the passage carefully and attempt the questions given below.

It has been said that the Congress in the first twenty years was “moderate” in its objectives and methods. During this period, it demanded a greater voice for Indians in the government and in administration . It wanted the Legislative Councils to be made more representative, given more power, and introduced in provinces where none existed. It demanded that Indians be placed in high positions in the government. For this purpose, it called for civil service examinations to be held in India as well, not just in London.

a) Why was the Congress considered as the moderate in their objectives?

a) What do you mean by civil services?
