Once upon a time, there lived a clever rabbit in a forest. A fierce lion also lived in the same forest and scared all the animals. Every day, the lion hunted and killed many animals. The animals were worried and decided to find a way to stop him.

One day, the rabbit said he had a plan. He went to the lion and told him that another lion was challenging him. The angry lion asked the rabbit to take him to the other lion. The rabbit led him to a deep well and pointed inside. The lion looked into the well and saw his own reflection in the water.

Thinking it was another lion, he roared loudly. The echo came back, making him even angrier. Without thinking, he jumped into the well to fight the other lion and drowned.
